The Common Elements, Common Expenses and Common Surplus are owned as undivided shares by the owners based upon a fractional share, the numerator of which is 1 and the denominator of which is the total number of Units in the Condominium. In the event that the Developer determines in its sole discretion to create and of the Subsequent Phases of the Condominium then, at such time as they are developed, the fractional share of ownership of the Common Elements, Common Expenses and Common Surplus will be recalculated using the same formula.

The Fractional Shares of Common Elements, Common Expenses and Common Surplus for each of the Units in the Condominium is 1/60.
